

# HERMIN ROBILLARD

East Bay, CA - 518.364.8628 - [hermin303@gmail.com](mailto:hermin303@gmail.com) - [GitHub](#) - [LinkedIn](#)

## Objective

I am a results-driven web developer with knowledge of the software lifecycle. I have a multidisciplinary background with experience in Business and Project management capable of putting emphasis on business requirements and on customer satisfaction.

## Skills

**Technical skills:** HTML5 and CSS3, Java, JavaScript, C#, Python, MySQL, jQuery, Ruby, and Bootstrap.

**Frameworks & tools:** Node.js, Visual Studio, GIMP, MS Office, text editors, CLI and dev tools.

**Soft skills:** Project management, Business management, languages (English, Spanish, and French).

## Projects

**Portfolio Site** [[GitHub](#)] Aug. 2017 - Sept. 2017

- Built a fully responsive website from scratch.
- Utilized HTML5 and CSS3, GIMP, Bootstrap, web browsers, and developer tools.

**Movie project** [[GitHub](#)] July. 2017 - Aug. 2017

- Used front and back end programming to display movies trailers.
- Applied Python, HTML5 and CSS3, web browsers, and developer tools.

**Non-profit web site design** [[Portfolio](#)] May. 2017 - Jun. 2017

- Designed lifecycle process involved in a website's project prior to coding.
- Utilized editing tools, design tools (draw.io, MS Visio, etc.), Project management tools (MS project).

For more projects go to my portfolio [here](#).
